## To: Parents of KS2

Dear Parents

The summer term officially begins next week and I wanted to explain to you how work from J3 – J6 will be set.

Each day will begin with a message from the class teacher on a pre-recorded video. A Mathematics and an English lesson will be set complete with a task or set work. The tasks should be completed in the order in which they are set, as progression has been built into subsequent lessons.

Any work set under the heading Creative Curriculum (science, history or geography, art) should also be completed in the order that it has been set, although your child may be given a longer period of time to complete it.

Work for J3 will be accessed in the format used at the end of last term, but login details are being sent out for children in J4-J6. This will enable those children to complete work if it has been set on the task sheet (There is a 'Tasks' button at the top of the Firefly page). You will be able to access any set tasks for your child with this login.

The following link shows how to access tasks and return work.

<https://helpcentre.fireflylearning.com/students/tasks>

Set tasks will enable us to give more immediate feedback; other work that is set (not as a set task on Firefly) can be copied and sent to your child's class teacher for feedback.

We will set up a test task at the end of this week, to see if there are any problems with access.

The 'Acceptable Use' policy has been updated to take into account the greater reliance on online technology during this time of remote learning, a copy of which you will be sent later. This is a whole school policy, some of which relates to live video conferencing, which the Junior School pupils will **not** be involved in. I would, however, be grateful if you could read it together with your child and sign.

# PitsfordSchool

Once the first week has been completed, you will know how much work your child can reasonably keep up with. Please let us know if you feel that too much / too little work has been set so that we can adapt it accordingly.

This has been a steep learning curve for everyone, so please forgive us if it takes a little time to become proficient!

Yours sincerely

Julia Willmott  
Head of Juniors
