Year 7 Music Lessons

Dear parents,

As your child moves from J6 into the Senior School you may wish to consider the length of their instrumental lessons. In the Senior School, the majority of pupils choose to take 40 minute lessons as they fit best within the Senior School timetable.

If you wish to alter the length of your child's lesson please inform Mrs Newton by Friday 24 May so that it can be incorporated into next September's timetable.

Please can I also make you aware that pupils in the Senior School are responsible for checking their lesson times on the music timetable board outside the music classroom. Class teachers will not remind pupils and failure to attend will result in a missed lesson that will not be caught up by the instrumental teacher. However we will take some circumstances into consideration. Any last minute changes to lesson days or times will be on the Daily (our in-house newsletter) and read out by form tutors during registration.

I also wish to remind you that Junior School music lessons carry through as pupils move into the Senior School, as stated in the terms and conditions. If you wish your child to cease instrumental/vocal lessons before they move into Year 7 the deadline for cancelling lessons is Tuesday 7th May 2019.

Yours sincerely

Mrs E Gant
